Operating instruction

Thank you for buying a Hama product.
Please read this manual before using your product and save these instructions for future reference.

1. Warning

It is absolutely necessary to follow the instructions below to ensure your safety and the safety of others.

2. Warranty

For further information, please contact the Hama dealer where you purchased the product.

Note — Changing the battery

This battery contains chemical substances. Dispose of it properly after use.

Removing the battery

To remove the battery, please follow the instructions below.

1. Place the fan in a horizontal position.
2. Open the cover.
3. Remove the battery.

Cleaning the fan

To keep the product in good condition, please clean it regularly.

1. Unplug the power cord from the outlet.
2. Clean the fan with a soft cloth. Do not use water or soap.

Storage of the fan

To ensure the product is not damaged, please store it properly.

1. Place the fan in a dry, dust-free environment.
2. Do not place the product near any heat sources.
3. Do not expose the product to direct sunlight.

Transporting the fan

To transport the product safely, please follow the instructions below.

1. Place the fan in a protective case.
2. Do not place heavy objects on top of the product.
3. Be careful when handling the product to avoid any damage.

Specifications

- Voltage: 230V
- Frequency: 50Hz
- Power consumption: 15W
- Dimensions: 200 x 200 x 200 mm
- Weight: 1.5 kg
