Vehicle Charger with USB Port

Vehicle Charger with USB Port

In order to ensure your safety and prevent damage, please follow the operating instructions and precautions for using the USB stick.

1. Before using any electric power supply, please make sure the device's voltage rating is the same as the power supply.
2. Do not use the charger in high temperatures or humid environments.
3. Do not dismantle or modify the charger.
4. Do not use the charger if it appears to be damaged or malfunctioning.
5. Do not place the charger on wet surfaces.
6. Do not use the charger while it is charging.
7. Do not use the charger if it emits smoke or unusual odors.
8. Do not use the charger if it produces unusual noises.
9. Do not use the charger if it becomes hot to the touch.
10. Do not expose the charger to direct sunlight.

Accessory Information

Vehicle Charger with USB Port (Incl. USB Cable)

Model: HAMA-0001

Operating Instructions

Before charging, please ensure that the voltage of the power supply is the same as the device's voltage rating. If the two do not match, it may result in damage to the device.

1. Connect the USB cable to the device and power supply.
2. Make sure the device is turned on.
3. Charge the device until it is fully charged.

Charging Time

Charging time may vary depending on the device and power supply used.

Power Consumption

The power consumption of the charger varies depending on the device being charged.

Troubleshooting

If the device fails to charge or does not charge properly, please try the following:

1. Ensure that the device is turned on.
2. Check the voltage of the power supply.
3. Check the USB cable and connection.
4. Restart the device.
