WARNING

- Use the product properly according to its intended purpose. For the user's safety, it is prohibited to modify the product, make non-authorized operation or use the product for any purpose not intended. If you need to modify the product, please consult an authorized service provider. 
- In case of damage, avoid replacement by unauthorized parties. Please contact the manufacturer's authorized service representative. If you operate it yourself, the manufacturer is not liable for any damage or injury caused. 
- Do not use the product if it has been reconfigured for non-authorized use. 
- Do not operate the product if it has been damaged or repaired. Do not use the product if it is not functioning properly. Even if the product seems to be in good condition, there may be a defect or problem that is not visible to the naked eye. 
- Do not use the product if it has been exposed to excessive heat or humidity. Do not use the product if it has been subjected to any form of electrical shock or other damage. 
- Do not use the product if it has been used for a long time. Excessive use may cause the product to malfunction or become damaged. 
- Keep the product away from children. Do not allow children to use the product without adult supervision. 
- Do not use the product if it contains any parts that are damaged or missing. 
- Do not use the product if it has been exposed to any liquid or moisture. 
- Do not disassemble, repair, alter, or modify the product in any way. 
- Do not use the product if it has been subjected to any impact or physical damage. 
- Do not use the product if it is not functioning properly.
