**WARNING**

*NEVER connect the headset to a power source.*

- Use the power plug after having removed the headset from the battery pack to prevent damage to the battery pack.
- Never leave the headset in a place where it will be exposed to high temperature or direct sunlight.
- Be careful not to drop the headset or hit it against hard objects. If you drop it and it hits a hard object, do not use it.
- Keep the headset away from water, moisture, and humidity. Never use or store your headset where it will be exposed to high temperature or direct sunlight.
- Do not modify the internal components of the headset. Doing so may cause damage and may void your warranty.
- Do not expose the headset to water, moisture, or humidity. If the headset gets wet, dry it thoroughly before using it.
- Do not open the headset or replace parts such as the battery or connector. If necessary, contact a qualified service provider.
- Do not use strong solvents or volatile substances to clean the headset. Use a clean, dry cloth to gently wipe the headset.
- Do not disassemble or modify the headset. If the headset needs service, return it to a qualified service provider.

**Attention users of earphones:**

- Do not listen to music at high volume levels for extended periods of time. Doing so may damage your hearing.
- Be aware of your surroundings and any potential hazards while using the headset.
- If you experience any discomfort or hearing loss, stop using the headset and consult a healthcare professional.

**Notice to users:**

- The headset is designed for personal use only and should not be used for professional or commercial purposes.
- Use the headset within its specified operating temperature range.

**For the benefit of users:**

- The headset is a personal device and should not be used for public or commercial purposes.
- If the headset needs service, return it to a qualified service provider.

**Service:**

- Contact a qualified service provider for repairs or maintenance.
