### Operating Instructions

**Installation Instructions and tips for attaching the screen protector**

**Thanks for choosing the Hama screen protector.**

**For optimal results, this screen protector must be installed correctly and carefully.**

**Take your time and read the following installation instructions and information carefully.**

**Installation and care of the screen protector.**

**1. Installation Requirements and Preparations**

- **Select a spot with as little dust as possible** to perform the installation (for example, in a bathroom).
- **Wipe the screen surface with no-dust wipes or cloths to clean the surface.**
- **Lay out the screen protector, the purchased screen protector, and the included cover.**
- **Position the screen protector on your screen and determine the correct positions for the installation.**
- **Note:**
  - The screen protector must be removed from the screen before installation.
  - **Note:**
    - The screen protector must not be touched or damaged after installation.

**2. Package Contents**

- **Screen protector kit**
- **Included cover**
- **Installation guide**
- **Cleaning wipes**
- **Cleaning cloth**

**3. Installing the screen protector**

- **Before installing the screen protector, make sure the screen surface is clean and free of dust.**
- **Clean the screen surface with a soft cloth or a cleaning agent.**
- **Attach the screen protector to the screen surface using the included adhesive material.**

**4. Attaching the Protector**

- **Attach the first sheet of the screen protector to the display screen.**
- **Clean the screen surface with a soft cloth or a cleaning agent.**
- **Attach the second sheet of the screen protector to the display screen.**

**5. Support and Maintenance**

- **If you have any questions, contact the Hama Customer Support.**
- **Please note:**
  - The screen protector is not waterproof and may be damaged by water.
  - **Note:**
    - The screen protector must not be removed or replaced after installation.
