WARNING

Before you purchase your headphones, please read these important instructions. For the user’s safe use, it is necessary to pay attention to the following points:

1. Please keep your headphones in a safe place and away from children. If your headphones are used by children, please make sure they are under adult supervision.

2. Avoid using headphones in environments with high temperature or humidity. These conditions may cause damage to the headphones.

3. Do not attempt to disassemble or modify your headphones. This may void the warranty and cause damage to the product.

4. Keep your headphones away from water and other liquids. Exposure to water or other liquids can cause damage to the electronic components.

5. Do not use your headphones while driving or operating machinery as it may cause distractions and pose a safety risk.

6. To clean your headphones, use a clean, soft cloth to wipe off dust and dirt. Avoid using water or other cleaning agents as this may cause damage to the product.

7. Do not expose your headphones to direct sunlight or high temperatures as this may cause damage to the electronic components.

By following these instructions, you can ensure the safe and proper use of your headphones.
