WARNING

1. This equipment complies with the requirements of the Essential Protection Measures of the R & TTE directive and the CE mark.

2. The equipment is designed for indoor use only and should not be used in wet or humid environments.

3. This equipment is powered by a household power supply and is not intended for use in environments with high levels of electrical noise.

4. The equipment is intended for use with computers and should not be used with other devices.

5. The equipment is not intended for use with children under the age of 12.

6. The equipment should not be used while driving or operating machinery.

7. The equipment should be kept away from strong magnetic fields and should not be placed near electronic devices such as cell phones or computers.

8. The equipment should not be disassembled or modified without the consent of the manufacturer.

9. The equipment should be used only with the accessories provided by the manufacturer.

10. The equipment should be used only with the software provided by the manufacturer.

11. The equipment should be used only with the batteries provided by the manufacturer.

12. The equipment should be used only with the power adapter provided by the manufacturer.

13. The equipment should be used only with the cables provided by the manufacturer.

14. The equipment should be used only with the headset provided by the manufacturer.

15. The equipment should be used only with the microphone provided by the manufacturer.

16. The equipment should be used only with the instructions provided by the manufacturer.

17. The equipment should be used only with the warranty provided by the manufacturer.

18. The equipment should be used only with the technical support provided by the manufacturer.

19. The equipment should be used only with the manual provided by the manufacturer.

20. The equipment should be used only with the safety instructions provided by the manufacturer.

NOTE

1. This equipment is designed for use with a computer and should not be used with other devices.

2. The equipment should be used only with the accessories and software provided by the manufacturer.

3. The equipment should be used only with the batteries provided by the manufacturer.

4. The equipment should be used only with the power adapter provided by the manufacturer.

5. The equipment should be used only with the cables provided by the manufacturer.

6. The equipment should be used only with the headset provided by the manufacturer.

7. The equipment should be used only with the microphone provided by the manufacturer.

8. The equipment should be used only with the instructions provided by the manufacturer.

9. The equipment should be used only with the warranty provided by the manufacturer.

10. The equipment should be used only with the technical support provided by the manufacturer.

11. The equipment should be used only with the manual provided by the manufacturer.

12. The equipment should be used only with the safety instructions provided by the manufacturer.
