WARNING

1. Read the product manual (user manual, quick guide) before use. For the user to ensure safe and correct use, the product and the user manual should always be kept in the same place.

2. Do not touch the headphone with your fingers directly. When you need to touch it, make sure to turn off the power to prevent electric shock.

3. If the headphone does not work properly or if there is a malfunction, do not repair it by yourself. Bring the product to the nearest service center.

4. If you have any questions or concerns about the product, contact the sales representative or the manufacturer.
