1. **Safety Notes**
- Use the product for its intended purpose only.
- Do not operate the product outside the power limits given in the specifications.
- Protect the product from dirt, moisture and overheating, and only use it in a dry environment.
- Do not use the product in moist environments and avoid splashes.
- Only connect the product to a socket that has been approved for the device. The socket must be installed close to the product and easily accessible.
- Do not attempt to operate the device if it becomes visibly damaged.
- Do not bend or crush the cable.
- Do not drop the product and do not expose it to any major shocks.
- Always pull directly on the plug when disconnecting the cable, never on the cable itself.
- Keep this product, as well as electrical products, out of the reach of children.
- Dispose of packaging material immediately according to locally applicable regulations.
- Do not modify the product in any way. Doing so voids the warranty.

2. **Technical Data**

</thead>
<tbody>
<tr>
<td>Output voltage USB</td>
<td>5 V</td>
</tr>
<tr>
<td>Output current</td>
<td>3000 mA (2x 1500 mA)</td>
</tr>
</tbody>
</table>

3. **Recycling Information**

   Note on environmental protection:
   After the implementation of the European Directive 2002/96/EC and 2006/66/EC in the national legal system, the following applies: Electric and electronic devices as well as batteries must not be disposed of with household waste. Consumers are obliged by law to return electrical and electronic devices as well as batteries at the end of their service lives to the public collection points set up for this purpose or point of sale. Details to this are defined by the national law of the respective country. This symbol on the product, the instruction manual or the package indicates that a product is subject to these regulations. By recycling, reusing the materials or other forms of using old devices/batteries, you are making an important contribution to protecting our environment.
